

# WELL PRESERVED

at GRANGE FARM COUNTRY COTTAGES

To help you get the true taste of the country while staying at Grange Farm, you can enjoy fresh jams and pickles, made locally in East Hanney, Oxfordshire. These preserves are made in the traditional way by Jeanette Howse in her own country kitchen, with no artificial additives, preservatives or flavourings.

Jeanette's home made produce reflects the seasons and therefore not all lines are available all year round. Much of the fruit and vegetables used is from her garden in East Hanney and from other local farmers.

The full range consists of Marmalades, Jams, Chutneys, Curds and Pickles, including an award winning Seville Orange marmalade, a Hot Spicy Tomato Chutney as well as traditional Strawberry and Jeanette's Tutti Frutti jams. To take the taste of the country home with you, why not buy a jar or two at only £3.95 a pot, to share with friends and family. Together with one of our novelty preserve pots, with its own spoon, for £6.95 they make a lovely tasteful gift!
